

Order of Omega Tips

The Essentials

.....

TOP TIER MEMBERS

Order of Omega members represent the **Top 5%** of their fraternity and sorority community. Each academic year, only 5% of the F/S community is eligible for initiation, making Order of Omega an exclusive recognition reserved for the very best **LEADERS** on campus.

.....

WHAT REALLY GETS YOU IN?

“Our members exemplify what it means to be well-rounded Greek leaders, making a meaningful and positive impact on their campuses.”

While academic achievement is important, it is **not** the primary factor in determining membership in Order of Omega. **Leadership and character** are the primary criteria for membership, complemented by a strong academic record and a healthy GPA.

TO PROGRAM OR NOT

Order of Omega does **not** require chapter programming, but it is highly encouraged as a way to positively impact the fraternity/sorority community.

Consider meaningful initiatives such as career networking, Hazing Prevention Week, or Greek Week. Know your capacity, focus on impact, and make it count.
